# Conflict of Interest

## EU - MERCOSUR

- EU pushes for trade liberalization in industrial goods
- MERCOSUR pushes for trade liberalization in agricultural goods

## Intra MERCOSUR

- Argentina's industrial sector is 're-developing' - cheap supply is desired
- Argentina desires **exclusive access** to agricultural markets in MERCOSUR
- Brazil's industrial sector shows strongly growing tendencies - **protection** is desired
- Brazil prefer cheap supply with agricultural products

# Conclusion

- after 10 years the MERCOSUR countries could not harmonise and deepen their own integration scheme ('macroeconomics')
- democratic structures preserved
- big asymmetries inside and outside
- small global players doing regionalism
- **forthcoming of the Doha-Round (WTO)**

**Danke für die Aufmerksamkeit**
